

## Kitchen Salvage

If you are considering a kitchen renovation soon, you need to think about what you are going to do with your old kitchen. Did you know you can donate it to one of our Habitat for Humanity ReStores? In return, you will receive a taxable receipt for our resale value plus you are keeping good usable items out of our local landfill. Monies raised through the ReStore support Habitat for Humanity Okanagan homebuilding initiatives in your local communities. What do you have to do? Easy. Contact us BEFORE taking out your existing

kitchen to allow us to evaluate it. We will schedule a date and carefully remove your old kitchen cabinets and take them away. It really is that easy! Call 778-755-4346 extension 213.

## ReStores

Looking to update household fixtures or switch out furnishings or appliances? If you need it or want it, you can likely find it at a ReStore and at a great price. From lighting to flooring, furniture to major appliances,

one of a kinds and antiques.

Restores help keep material out of the landfill and the proceeds from the sales help support Habitat for Humanity Okanagan's building program right here in the Okanagan. Our inventory is 100% donated by local and corporate businesses and by individuals like you. Donations are greatly appreciated. We are always looking for dedicated volunteers

for our ReStores. If you are interested in volunteering contact [comms@hfhokanagan.ca](mailto:comms@hfhokanagan.ca) Questions about donations? Email David Fidler, West Kelowna ReStore Manager at [manager.westkelowna@restoreokanagan.ca](mailto:manager.westkelowna@restoreokanagan.ca)

## Lake Country Build

Our Lake Country build has reached a major milestone! Early in October, we officially welcomed 8 families to their beautiful new homes in Lake Country. While this was cause for celebration, it is only the first phase of this project. We will be breaking ground on a four-plex early in 2023 to enable four more families to start a new chapter of home ownership with Habitat Okanagan. We need your support to reach the \$1 million still needed to complete this project. Help us build strength, stability, and independence through affordable homeownership. Donate today at [www.habitatforhumanityokanagan.ca/lake-country-build/](http://www.habitatforhumanityokanagan.ca/lake-country-build/)

For more information contact Danielle Smith Director of Resource Development 778-755-4346 ext. 210 [resourcedevelopment@hfhokanagan.ca](mailto:resourcedevelopment@hfhokanagan.ca)
