### WHAT THEY ARE SAYING

*"As a new residential community we were looking for a targeted way to reach our audience. Experience 50+ Living has proven to be a great resource to tell our story and share our services. This handy book is used by our prospective clients, our residents and their families as a fabulous resource for key contacts, while also providing us a great return on our investment as we promote our services to those who need it the most."*

*Jenelle Hynes, Community Relations Manager  
The Vineyards Residence, Kelowna
