

## **Come sing with us!**

### *Join the Kelowna Community Chorus*

The Kelowna Community Chorus has been singing in the Okanagan Valley for over 24 years. Today we are a fully inclusive, non-audition choir of close to 100 enthusiastic members under the direction of the exuberant Susan Skinner and talented accompaniment of Ursula Pidgeon.

With two sessions a year, our members enjoy learning together and sharing the gift of song in a fun-filled environment. Practices are 2 hours a week on Wednesday evenings.

Our fall session runs September till the end of November; the winter session runs from January to April. We welcome all singers, experienced or novice at the beginning of our sessions and each session culminates with

a well-received concert shared with another performer or group.

Singing has many proven health benefits, lowering stress and improving memory are 2 good reasons. Our favorite health benefit is widening our circle of friends while putting aside the usual concerns of the day to spend a wonderful evening of learning and song.

Please join us "For the Joy of Singing" at the Kelowna Community Chorus, where we believe in bringing music and community together.
